you are in there pitching, doing your jobs.

Pat & Laura Clouden FOUNDING MEMBERS

Both Laura and I truly see that the future of Scientology is ensured with the Super Power Project.

The beauty and detail in the New FLAG Building is going to make this a landmark on planet Earth for all to see. The international organization of THE FLAG LAND BASE will take us to a level of power as a religion that we need to clear Earth.

We are very excited about the Super Power Rundowns being made available and see that with their massive delivery the result will be Planetary Clearing.

We realize that the history of SCIENTOLOGY is being written right now and therefore we are extremely proud to be part of this moment in history.

We are honored to be taking part in one of the most vital steps of planetary clearing ever. Join us!

David Newberger & Nancie Ploechl DOUBLE KEY CONTRIBUTORS

Our second Key Contributor is a demonstration of our ongoing commitment to the Super Power Expansion Project. We're taking responsibility for Super Power's release because we know that through delivery of LRH's awesome Super Power Rundowns, calm will be brought to our troubled planet on a scale that reverses the downward spiral.

Super Power is so needed to improve the lives of so many, both in the here and now and in future generations. It is our core belief that when Super Power is released it will not only change life and livingness as we know it on this planet, but it will usher in an Age of Creativity by bringing forth a New Civilization based upon the tenets of LRH. By flowing power to Super Power, one becomes an integral part of the antidote to the ravaging societal ills of war, drugs, financial ruin, criminality and insanity. LRH has given us the answers with Super Power. Now we just need to finish the job of finding and releasing everyone who needs it.

project funding and make clearing our planet a reality.

Ellie Bolger & Howard Glazer – KEY CONTRIBUTORS

We are dedicated fans of LRH. This new building and its contents will carry his name and his works even farther and wider than before.

LRH and his care, compassion and intention should be known in every home, hamlet, village, town and city on this planet. That is why we support Super Power, so this will come to be: so that Source will be known and recognized everywhere and resound in every heart.

Steve Brackett KEY CONTRIBUTOR

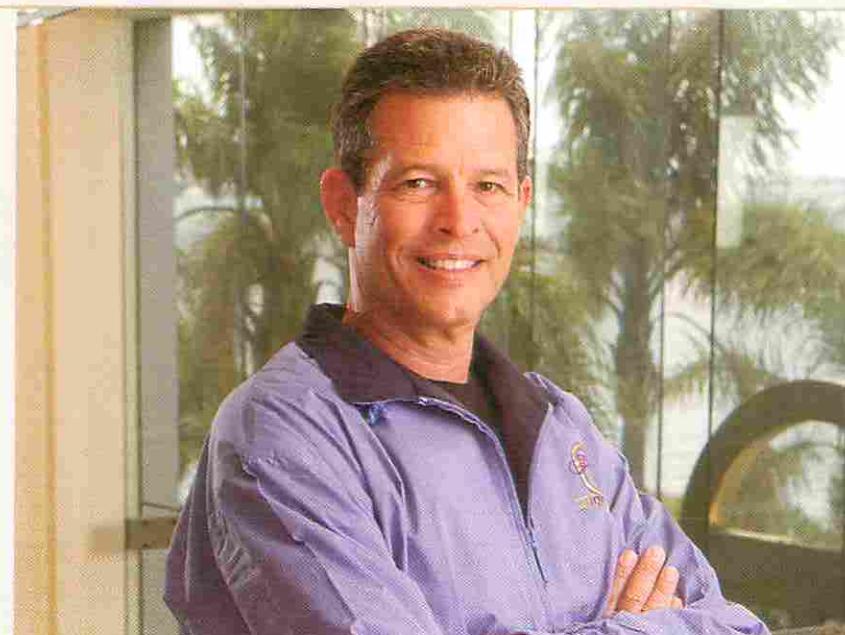

I am a very huge fan of the Super Power Rundowns as I know they will take this planet straight up and create a Golden Age for all Mankind. From all that I know of the 12 rundowns of Super Power, the power and ability of all of our team members will shoot to an entirely new level, and with that we will, together, Clear Earth. I consider my contribution to the Super Power Project to be one of the most effective actions I have taken to help Man. Please do join me and become a Super Power supporter now. All Mankind needs our help!

AN YOU THINK

Nick van Ruiten
KEY CONTRIBUTOR

When the Super Power team came to Belgium some years ago to explain to me the goal behind Super Power and its individual rundowns, as discovered by LRH, I immediately agreed to become a Cornerstone Member. While going up THE BRIDGE and becoming more aware of the situation on the planet, I am now even more convinced that we have to push as hard and as fast as we can to clear this planet! That's why I decided to

Sam Michelson
KEY CONTRIBUTOR

Ihave just become a Key Contributor of the Super Power Expansion Project. The reason for this achievement is quite simple. I know that conditions on this planet have to get better and that I have to do my part in making this happen. So many people are doing their part to reverse the dwindling spiral by being staff and Sea Org members, working to release this technology for the betterment of mankind. I felt it my duty and

be part of the team that is helping to do this.

financial resources to support the LRH strategy of Super Power.

BECOME A SUPER POWER PROJECT CONTRIBUTOR

There is a strong, dedicated team of SCIENTOLOGISTS who are working shoulder-to-shoulder to bring about the construction of the New Flag Land Base and the ultimate release of Super Power. These are the Cornerstone members, Key Contributors, Founding Members, Master Builders of Merit, Legions of Honor and beyond. These individuals hold the common purpose of bringing about LRH's solution of a cleared Earth — Super Power.

Your postulate, donation and participation are not just requested — they are vitally needed to not only expand the New Flag Land Base but to unleash the core power of a thetan. Super Power completions will band together to reverse the dwindling spiral of Earth and get it shooting back upwards.

Donating to this project is how you will guarantee that Scientology will persist through time so your children and their children will have an eternity of freedom. Your postulate and donation will go the distance.

And for those dedicated and outstanding benefactors who will stand up for freedom, recognitions will be duly awarded for their contributions. See or call a member of the Super Power Expansion Project to find out how you can be awarded the different statuses and awards offered. Please make your donation NOW.

A lasting acknowledgement to those who've helped assure planetary clearing through contributions to building our Flag Mecca, is the Cornerstone Club and Key Contribution

lounges. This is for Cornerstone Members, Key Contributors, Founding Members, Master Builders of Merit, and Legions of Honor. These lounges are provided as a *thank you* for your dedication and commitment to salvaging man and giving future generations a chance for Freedom.
